TechVision GmbH - Fiscal Year 1 January 2025 to 31 December 2025

Document Type: Annual Financial Report (Jahresabschluss) **Company:** TechVision GmbH, HRB 234567, Amtsgericht Munchen **Reporting Period:** 2025-01-01 to 2025-12-31 **Prepared by:** Finance & Controlling Department **Report Date:** 2026-03-31 **Auditor:** Muller & Partner Wirtschaftsprüfungsgesellschaft mbH, Munchen

1. Company Profile

TechVision GmbH is a Munchen-based supplier of industrial tools and hardware. With over 14 years of market experience, the company serves manufacturing, construction, and workshop clients across Germany and neighbouring EU markets. Core offerings include high-precision cutting tools, pneumatic drill sets, torque wrenches, and calibration equipment.

2. Management Summary

Fiscal year 2025 was a year of solid growth for TechVision GmbH. Revenue increased by 11.4% year-over-year, driven by strong demand in the manufacturing and construction sectors following a rebound in capital expenditure across the DACH region. The company successfully completed two pilot deliveries for a major new industrial client in Q4 2025, laying the groundwork for a significant procurement partnership in 2026.

Operating costs were kept in check through supplier consolidation and improved inventory management. Net profit margin improved to 8.3% (FY2024: 6.9%), reflecting the benefits of operational efficiency initiatives launched in mid-2024.
